P.4.c

D. No.10054. S.N.1.

Put up 1

Under Rule 54 of the Grant-in-aid Code for Indian Schools, scholarships with the exception of those intended for girls are open only to pupils of promise whose - - pecuniary circumstances are certified by the head of their school or college to be such as to prevent them from prosecuting their studies without assistance. - In the award of scholarships the claims of those sections of the community who are most in need of aid will, other conditions being satisfied, be first considered.

Put up. 2

Under Rule 55 of the Grant-in-aid Code, there are two scholarships of Rs.25/- each tenable in the Junior B.A. or B.Sc., course and two of Rs.25/- each in the senior. The scholarship recommended in this case is for study in the Department ofMetallurgy and Mining, Benares University. It is understood that it is a technical course in Engineering (B.Sc.) lasting for 4 years, with one year's practical training. Under our rules, collegiate scholarships are tenable only for 2 years for B.A. & B.Sc., courses and 3 years for the Honours course.

3

The candidate's rank is 13 among the students who passed the Intermediate Examination from the St.Joseph's College last year, and 425 in the Presidency.

4

The applicant's father is the Educational - - Superintendent of the C & M Station.Municipality. His present salary is Rs.230/- in the scale of Rs.150- 250. Considering the father's pay, the pecuniary circumstances of the candidate cannot be regarded as unsatisfactory.

5

In the circumstances, it is submitted that there

appears

appears to be no case for the grant of a scholarship and it may be refused, unless the Inspector wishes to press the application and has stronger grounds to urge.

For orders.

7/10/39.

INSPECTOR OF SCHOOLS' U/O.

U/O Note by the Inspector of Schools.

The course of study to be undertaken is in preparation for the B.Sc. Degree of the Benares Hindu University, full particulars of which (including the actual cost of living, etc.) will be found in the exercise book enclosed, which Subramanian has submitted to me. In the light of the fuller information now furnished, I recommend that a technical (instead of a collegiate) scholarship be sanctioned under Art.57(i)(C) of the Grant-in-Aid Code - a half scholarship of Rs.25/- per mensem, for which the necessary provision exists under the allotment for scholarships.

Mr. Ramiah has heavy expenses on account of the education of his children. His eldest son has yet to complete his B.A., the second son is Subramanian, and there are three children attending school. Mention may here be made of the fact that a scholarship of Rs.50/- was sanctioned for Mr. Edwin's daughter, although the father was drawing Rs.400/- at the time. The President of the Municipal Commission, with whom I have discussed the

matter --

matter, is prepared to support the present application for a technical half-scholarship under Art.57 of the Code.

The scholarship will be renewed from year to year under the usual conditions, i.e. that the scholar's conduct and progress have been satisfactory.

In regard to the representation of the various communities in this year's scholarship (collegiate) awards, eight went to Non-Brahmans, five to Brahmans, one to the only Muhammadan applicant, and two to Indian Christians (making 16 in all).

Inspector of Schools, 19/10
C. & M. Station,
Bangalore.

M.O. No. 2919/B.12/39
19-10-1939.

OFFICE OF THE
HON'BLE THE RESIDENT
IN MYSORE, BANGALORE.
20 OCT 1939
Diary No. 10,739
File No.....

In the Review of expenditure of the Mysore Assigned Tract undertaken in 1936, the Financial Adviser suggested a reduction in the expenditure under scholarships. The Inspector of Schools accordingly recommended reductions of scholarships as follows:-

25 scholarships under Primary.
6 scholarships under Secondary.
2 scholarships under Collegiate.

Last year, when the Inspector recommended the award of a scholarship of Rs.20/- to Miss Mahmooda Lathey for Post Graduate Course, the Secretary wanted the Inspector of Schools to give sufficient grounds to justify his proposal

for

for which there was no provision in the rules. The only ground which the Inspector could put forward was that the candidate was a Muslim lady. This does not apply to the present case.

Para. 28 of note in File R. Dis. 71/30 of (G)

12

Para 9 of notes ante

It will be seen from the concluding portion of the Inspector's note that the 16 Collegiate scholarships available under the Code have already been awarded by him during the year. The expenditure on account of scholarship now recommended, if sanctioned, will therefore have to be met (in the Current year & in 1940-41) from the provision under Secondary scholarships, which was drastically reduced in 1936. ~~The value of the~~ Specific provision will have to be made in future years. The value of the technical scholarship recommended by the Inspector ~~was~~ amounts to Rs.300/- per annum; and if the scholarship is sanctioned, it will commit Government to its continuance for 4 or 5 years involving a total expenditure of Rs.1500 ~~It will therefore affect the scholarship to be granted in future to poor pupils under Secondary for the next five years.~~

Para 10 ante

* 25 x 12 = 300 (It was Rs12 & 0 pm or Rs150 only before)

13

At present there is no specific provision in the budget for technical scholarship; nor have we at any time granted such a scholarship in the past.

14

~~If the Candidate's father were not in a position to meet the educational expences of his son at Benares, he would not have ventured to send him to that College for the special course of study. If he really depended on a scholarship from Government, he should have applied for it before he actually got him admitted into the College.~~

~~For orders.~~

Through Budget Clerk.

(Also para. 6).

30.10.39

14

The budget allotment for ordinary arts and secondary scholarships is based on the number of scholarships - -

sanctioned

sanctioned by our Educational Codes. Saving under - - scholarship can therefore accrue only if the number of scholarships prescribed by the Codes are curtailed. It seems undesirable to curtail the number of ordinary arts and secondary scholarships in order to provide for a - technical scholarship, especially in view of the reduction already effected in the number of those scholarships. But specific additional provision can be made from other savings under other heads if necessary.

16 But as at present foreseen we have to find about Rs.11,000/- to meet existing demands. All available savings (including savings anticipated by the Inspector under scholarship) - will therefore have to be conserved.

17. Submitted for orders whether the scholarships recommended by the Inspector will be sanctioned. In the P.W.D. Str. I., he recommended a Collegiate scholarship of Rs 12-8-0 p.m or Rs 150 per annum. Now he recommends a technical scholarship of Rs 25 p.m or Rs 300 per annum instead.

parable

M.K.
2/11/39.

18. A turgid battle of words! All that appears from Subramaniam's note-book is that he enjoys a standard of living denied to many.

19. His ability (13th out of 107 from one school only) is not necessarily first class. He does not belong to a backward class which needs special consideration, and we

are short of funds. Special provision in the next budget will have to be made to meet this charge, & the budget has already gone to Delhi.

20. May refuse the application with regret.

Yours

21 Will Inspectress of Schools please see me again before orders are passed?

(1). From what scholarship allotment does he propose to meet this scholarship?

(2). Can he certify that the grant will not mean the refusal of a scholarship of another kind to someone more deserving?

(3) Why has he now doubled the proposed amount?

22 We would also be grateful if in sending the proposal of this nature in future, he would always make sure that the proposal is in accordance with the rules, & would state from what grant the amount is to come & that, having regard to the needs

I Other note, there is sufficient allotment in the grant concerned.

4/11/39.

Inspector of Schools, etc.

W.O. No. 10739-GA & 4/11/39

U/O Note by the Inspector of Schools.

P. 14 of the code 23 (Part IV)

Under Rule 55 (h) & (i) the number of collegiate scholarships that may be awarded at any time is 8 full or 16 half scholarships, viz. 4 full or 8 half renewals tenable in the IInd and IVth year classes and 4 full or 8 half fresh awards tenable in the Ist and IIIrd year classes.

-do-

Under Note 1 of Rule 55 a IVth year student may be granted a scholarship for a third year, if he is taking an Honours Course. This year, it so happens, that there is one such candidate.

So there are 17 instead of 16 half-scholarships to be awarded. I have already awarded 16 of them, and therefore one more remains to be awarded. This is a third-year half-scholarship (tenable in the Junior B.A. Class) of the value of Rs.12-8-0, i.e. half of Rs.25. It was for this scholarship that I originally recommended Subramanian, i.e. before I learnt about his actual expenses and the essentially technical nature of the course of study prescribed for the B.Sc. Degree of the Benares Hindu University. It was intended to meet the scholarship from savings under "G.2-Scholarships".

I certify that granting a scholarship in the present case will not deprive a more worthy candidate of a scholarship; and I would suggest that if my recommendatio

regarding ...

regarding a technical scholarship is not approved on account of the expense, the half-scholarship of Rs.12-8-0, tenable for two years, may be given to Subramanian, as originally proposed, the renewal of the scholarship in the second year being dependent on the receipt of a satisfactory report from the Principal of the College.

S.N. (4) Issue

D.No.10550 S.N.5

Please see S.N.2.

Mr.Subramanian was granted a collegiate half-scholarship of Rs.12-8-0 for two years with effect from June 1939 on the distinct understanding that it would not be renewed. The case was fully discussed before the scholarship was sanctioned.

Even though Mr.Subramanian is undergoing a technical course in the Benares Hindu University, the scholarship granted to him was a collegiate scholarship (not technical scholarship under Rule 57(i)(c) of the Grant-in-aid Code).

The candidates father now asks for a technical full scholarship of Rs.50/- p.m. for his son for the next two years of his study in the University. So far we have not granted a technical scholarship to any candidates. Further there is no budget provision for such a scholarship. The Inspector recommends only a collegiate scholarship of Rs.12/8 tenable for a third year under Note 1 of Rule 55 of the Grant-in-aid Code.

If approved a half-scholarship of Rs.12-8-0 may be granted for a further period of one year. The Inspector certifies that the grant of scholarship to Mr.Subramanian will not adversely affect any other candidate.

2/10/41.

3.10.41

Draft may issue.

Sd/x/41.

D.No.1561 S.N.7

33 The candidate was granted a collegiate half scholarship of Rs.12-8-0 for the last three years as a special case, vide S.N.2 and 6, and paras 1 to 26 of the foregoing notes. Though the scholarship was originally sanctioned for 2 years on the distinct understanding that it would not be renewed, the Inspector recommended its continuance for another year and this was also sanctioned. Instead of being grateful for the scholarship sanctioned, the candidate seems to express a disatisfaction at the grant of a collegiate scholarship and in place of a technical scholarship for which we have no budget provision.

The application is addressed to the Inspector and he will take necessary action.

He may see U/O.

DF 616-39

To

The Secretary to the
Hon'ble the Resident
in Mysore, Bangalore.

Sir,

With reference to your Memorandum D.Dis.No. F.616/39/G&A., dated 23rd November 1939, I have the honour to state that the scholarship of Rs.12-8-0 per mensem sanctioned for T.R. Subramanian for two years expired on 31-3-1941, and his father, Mr. T.S. Ramiah Educational Superintendent of Municipal Schools, Civil and Military Station, Bangalore, has applied for a technical scholarship of Rs.50 per mensem on his behalf (under Article 57(i)(c) of the Grant-in-Aid Code).

I forward, in original, a file of papers relating to the case, which stresses these points, viz. the need for financial assistance, as Mr. Ramiah has six sons to educate and the Mining and Metallurgy course is an expensive one, and Subramanian has done very well so far and his application for a scholarship is recommended by the Head of his Department.

The case was discussed fully two years ago, and it was decided that it did not come under Article 57 of the Grant-in-Aid Code; and a scholarship of Rs.12-8-0 was granted for only two years. But as the course is a four years course and an expensive one at that, I recommend that the half-scholarship of Rs.12-8-0 sanctioned

P.T.O.

7)

sanctioned in the Memorandum under reference be extended for a third year under Note 1 of Article 55 of the Grant-in-Aid Code. I may mention that this year there is no candidate drawing a scholarship under the Note nor will the granting of one to T.R. Subramanian adversely affect any other candidate.

I detained all the papers under reference until the collegia scholarships for the year had been sanctioned, as otherwise I should not be in a position to know whether or not to recommend the case fo favourable consideration.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools. 18/9

I certify that the abovenamed candidate has been ~~pupils~~ students in a recognized ~~school~~ college during the whole of last year, that ~~they~~ he cannot continue ~~their~~ his studies without the help of the scholarships now applied for and that the above entries are correct.

28/5

Parent.

Signature of Head of Institution in which scholarship is to be tenable.

Signature of Head of Institution where applicant was studying last year.

Name of institution. Benares Hindu University

1. A separate form is to be used for each class and value of scholarship.
2. If scholarships cannot be awarded to all the applicants, the names standing highest in this list will be selected. They should therefore be arranged in order of preference.
3. Heads of institutions are expected to recommend only pupils whose conduct has been good.
4. In the case of scholarships for Junior Intermediate enter Elementary Mathematics in column 15 and first and second optionals in columns 16 and 17 and in the case of scholarships in the Junior B.A. enter first, second and third optionals in columns 15, 16 and 17 respectively.

N.B.—In all cases where poverty has been made a condition of award, applications will be summarily rejected unless thoroughly satisfactory evidence is produced that but for the scholarship the applicant could not continue his studies. Heads of institutions who give such certificates without proper enquiry will forfeit all scholarships for their institutions. No certificate of poverty is needed in the case of scholarships where poverty is not a condition of award, and in such cases the latter half of the certificate may be scored out.

Letter No.

Date 9/6/1941

To

The Inspector of Schools,
C. & M. Station,
Bangalore.

Dear Sir,

As one of the senior members on the teaching staff of the Dept. and also one in charge of admissions to the same for the Session commencing on the 7th July 1941, I have pleasure in recommending the application of Mr. T. R. Subramanyam for the grant of a State

Scholarship.

On account of the absence from the Station of Dr. Swamy, Head of Dept., his signature could not be obtained.

I understand that the application has already been delayed and Mr. Subramany is anxious to avoid further delay.

Yours faithfully,
V. Gopalam Iyer.

FROM
T. R. Subramanian
Department of Mining and Metallurgy,
Benares Hindu University

To
The Inspector of Schools,
C&M. Station,
Bangalore

Through
The Head of the Department of Mining and Metallurgy,
Benares Hindu University.

Sir,

On account of being on Pratical Training out-station, the delay in applying for my scholarship has been inevitable and I beg of you to pardon me..

You were pleased ~~one~~ to award one a half scholarship in Arts for the first two years of my study in Benares for a degree in Mining or Metallurgy. I have completes my two years and am to enter the specialization stage in Mining from July 1941. The course I have taken is largely Engineering in character and requires complete Practical Training during the Summer Vacation at large collieries. I obtained a First class, a rank and highly creditable marks, as per my previous letter, in the First-year Exam in Metallurgy. I have completes my Second year Exam equally favourably and am now on Training.

The circumstances which obliges me to seek your help to prosecute my studies have not altered. My father with a substantial income, nevertheless shoulders heavy responsibilities and has in hand the education of 5 sons. There has been an instance of a gentleman

who enjoyed a scholarship for his daughter's
Course in Medicine even as he was enjoying
an equally substantial income. I beg of you
to award me a Full Technical scholarship
for these two years and help me finish
my degree.

Thanking you in Anticipation,

I beg to remain,

Sir,

Yours most obediently,

K Subramanian

7/6/41.

The applicant is very deserving. His conduct
and progress have been very satisfactory.
I strongly recommend his case.

T.R. Subramanian,

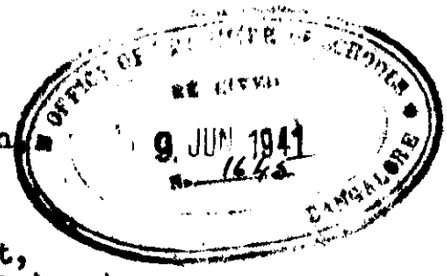
Department of Mining and Metallurgy.
BENARES HINDU UNIVERSITY.

Dated the 2nd J u n e, 1941.

Forwarded.
[illegible]
COLLIERY SUPERINTENDENT

To,

The Inspector of Schools,
Civil & Military Station,
Bangalore.



Through the Colliery Superintendent,
State Railways' Coal Department,
P.O. Giridih.

Sir,

I beg leave to present this application for your kind consideration.

You were pleased to award me a scholarship for study in Arts. I enrolled in 1929 for study in Mining in the Benares University. The course, of four years duration, is patently techinical and I beg of you to consider this as an application for a techinical scholarship. I have only two years more in the University and I shall be grateful if the scholarship is made tenable for that period.

The circumstances which compelled me to seek a scholarship previously have not altered. In this connection I may be permitted to mention that Mr. L. Edwin, as Asstt Engineer enjoyed a scholarship for his daughters education in medicine even as he was drawing a substantial pay.

I passed my First Year University Exam: with a first class, rank and record marks in many subjects. Reference may be made if necessary to the Head of the Department of Mining and Metallurgy. My performance in the Second Year Exam: has been equally satisfactory and I look forward to my results in a short time.

I beg of you again to consider my case favourably.

Thanking you in anticipation,

I beg to remain,
Sir,
Yours most obediently,
T.R. Subramanian

DE 334-ITO

DF 6/6/39

Dear Sir,

I enclose herewith an application from Mr. T.R.Subramanian, student of III-Year Mining Class of this Department, for extension of his scholarship until April 1943, and an increase of the value of the scholarship to Rs.65/- p.m.

I further enclose a leaflet of summarised information relating to the courses in Mining & Metallurgy in this Department, which will show that the tuition fees, hostel room rent, light charges, etc. of each student comes to about Rs.30/- to 35/- per month.

Further expenses which each student has to bear are in respect of messing charges, expenses for excursions and practical training, purchase of drawing instruments and books etc., so that the monthly expenses of a student in this Department are of the order of about Rs. 65/- to 70/-

DEPARTMENT OF
MINING AND METALLURGY
BENARES HINDU UNIVERSITY.

(2)

3-2-42.

I find that the scholarship now paid to Mr. T.R.Subramanian is only Rs.12/8 p.m. and is most inadequate.

Mr. T.R.Subramanian is a very hard-working and conscientious student and he has impressed all the members of my staff with his keen-ness in work and I am confident that he deserves a scholarship of Rs.65/- to 70/- p.m. and I therefore strongly recommend his case to you.

Yours faithfully,

Encl: Appln. & Leaflet.

Copy forwarded to the Secretary to the Hon'ble the British Resident in Mysore, Bangalore.

HEAD OF DEPARTMENT.

From

T.R.Subrahmanyam,
Department of Mining & Metallurgy,
Benares Hindu University.

To

The Inspector of Schools,
C & M Station,
Bangalore

Through

Dr. D.Swarup, Ph.D.(Sheffield), M.M.G.I., M.I.M.,
Head of the Department of Mining & Metallurgy,
Benares Hindu University.

Sir,

My application for extension and increasing of my scholarship last March has been granted upto 31-1-42 only. My efforts to persuade you to give a Technical Scholarship have so far faile and with the end of the present scholarship, I repeat my request to be given a Technical Scholarship for the remaining 18 months of my College career.

My regular College fees are 32-35/- and my mess bill is 22-24/-. Allowing for miscellaneous expenses and College requisites my monthly expense is Rs. 65/- at a minimum. There is in addition the further cost accruing from Tours, Camps for Geology and Surveying, and Practical Training.

May I hope that my prayers will be granted and orders passed favourably.

Yours most obediently,
T.R.Subramanian

Dated: 3rd Feb., 1942.

Copy to the SECRETARY TO THE HONBLE RESIDENT IN MYSORE.

whether they desire admission to the Mining course or to the Metallurgy course and ask for the form for application for admission accordingly.

The form for admission to Mining course will not be considered if admission is desired for the Metallurgy course and vice versa.

The forms can be had on pre-payment of annas eight per application form. The amount should be remitted by *money order only*, and not by postage stamps. The money order should be addressed to

The Head of Department of Mining & Metallurgy,
Hindu University, Benares.

(Telegraphic address :—"GEOMINEMET," Benares).

9. Prospectus.

The full Prospectus of the Department is a book of about 180 pages and is priced at Re. 1/8/-. It can be obtained from the "Manager, Book Depot, Benares Hindu University." It is sent by unregistered post to those who remit Re. 1/11/-, by registered post to those who remit Re. 1/14/-, and by V.P. post to those who remit Re. -/6/- in advance to cover postage. Money orders should be addressed to the "Manager, Book Depot, Benares Hindu University."

Enquiries or remittances on account of the Prospectus addressed to the Head of the Department of Mining & Metallurgy will not be accepted.

Application for admission to the courses should reach the undersigned by the 10th June, 1941. Candidates whose I.Sc. results have not yet been declared may send in their applications so as to reach before the 10th June. They may communicate the results by telegram if they have passed with considerable distinction.

The courses begin on the 9th July.

D. SWARUP, B.SC., PH.D.,
M.I.S.I., M.I.M., M.M.G.I.,
Head of Department.

SUMMARISED INFORMATION RELATING TO IN MINING AND METALLURGY

1. Qualifications for admission.

The Department of Mining & Metallurgy offe course leading to the degree of B.Sc. in Mining and year course leading to the degree of B.Sc. in Meta dents who have passed the Intermediate Exam Physics and Chemistry, of an Indian University o termediate Education established by an Act of th

The courses include a large number of engine and preference is therefore given to those candida higher qualifications in Mathematics.

Professional careers of Mining Engineers and call for substantial physical exertion and only tho who have an excellent physique and good eye used to a hard life will be selected for admission

2. Tuition fee and other expenses.

The tuition fees for the First and Second y Rs. 22/8/- per month, and those for the Third ar courses Rs. 25/- per month, payable for 8 montl

Hostel accommodation is limited. The ro light charges come to about Rs. 5/- p.m.

Messing expenses ordinarily amount to Rs. 20

Other expenses are in respect of books (ap every year), drawing instruments, games, excu Rs. 50/- every year), etc.

3. Scheme of studies.

An outline of the courses is given below:—

1st Year—(Common to Mining & Metallurgy)
Mathematics.
Applied Mechanics, Part I.
Heat Engines, Part I.
Practical Solid Geometry.
Engineering Drawing, Part I.
Applied Electricity, Part I.
Metallurgy, Part I.

2nd Year—(Common to Mining & Metallurgy)
Geology and Mineralogy.
Mining, Part I.
Surveying, Part I.
Applied Mechanics, Part I.
Heat Engines, Part II.
Engineering Drawing, Part II.

3rd & 4th Year—Mining	*3rd & 4th Year—Metallurgy*
Mining, Part II.	Metallurgy, Part II.
Surveying, Part II.	Metallurgical Analysis.
Mining Geology.	Physical and Metallurgical Chemistry.
Applied Electricity, Part II.	Applied Electricity, Part II.
Assaying.	Fuels & Refractory Materials.
Economics of Mining.	Metallography & Pyrometry.
Mining Design.	Mechanical Testing and Heat Treatment.
Thesis.	Thesis.
B.Sc. Degree in Mining.	B.Sc. Degree in Metallurgy.

4. Equipment and Organisation.

The courses, both theoretical and practical, are of an advanced character. The laboratories of the Department are well equipped with instruments, apparatus, machinery, models, maps, charts, specimens, etc., and are served by gas, water and electricity. A good deal of the teaching is done with the help of lantern slides of which there is a large and up-to-date collection and which is being constantly added to. The Department is working in close association with the Engineering College of the University, where training in Mechanical and Electrical Engineering subjects is given to the Mining and Metallurgy

students during their First, Second, Third
courses by the expert staff there.

5. Excursions and Practical Training.

Technical training is nothing if not pr
large proportion of the time of the Minin
students at the University is spent in the labo
shops and the drawing office. A number of e
of Geological, Mining and Metallurgical intere
the Department every year and conducted
of the staff. And further, students, after the
a few months every year to practical trainin
metallurgical works, so that most of them
months' practical training under actual mir
ditions by the time they appear at the Final e
mission for such training has been generously
by the managers of even some of the large
coal mines, iron mines, manganese mines, gold
mines, mica mines, etc., and also by most of
works in the country.

6. Government Recognition.

The B.Sc. degree in Mining of the Benar
sity has been recognised by the Government
purposes of Regulations 34, 35, 38 and 39 o
Mines Regulations, 1926. In virtue of this re
graduates of the University are entitled to two
from practical underground training requir
appearing at the Govt. First Class Colliery E
mination, one year's exemption at the Secon
ship Examination, one and a half year's exem
veyor's Certificate Examination, and two ye
the Sirdarship Examination.

7. Exemptions.

The courses are of a technical nature and l
to ordinary pure science courses. No exemp
possible to any candidate on the plea that he i

8. Application Form.

Forms for application for admission to
are entirely different. The candidates must
